DESCRIBE THE PRESENT AND ORIGINAL (IF KNOWN) PHYSICAL APPEARANCE

This is a large L shaped frame house with a gable roof and a gabled wing on the southwest side of the front projecting toward the street. On the front of this wing is a full length two story bay window, under a gable with large bracket forms supporting the overhanging corners of the gable. Across the two bays to the rear of this is a one story porch supported by fluted Doric columns with a ballustrade between the columns. Above these two bays is a large dormer with a three part window. The gabled roof of this dormer has a wide overhang, also supported by corner brackets. Enclosing the front yard is an iron fence with finials. The house is well maintained, but has been altered by aluminum siding.

SPECIFIC DATES

BUILDER/ARCHITECT

STATEMENT OF SIGNIFICANCE

This is an attractive example of vernacular architecture built in the last quarter of the 19th century. The basic style of this house, L shaped with a two story bay window on the front wing, is similar to other houses on Church Street, 703 and 704, as well as to many houses on Locust Street.
